Your participation is important: "You, the employees, have been doing a great job for years in the face of all sorts of challenges and are the foundation for continued success at E.ON and TenneT. However, in view of grid expansion, the digital transformation, safeguarding security of supply, as well as increased customer demand, constant changes in sales, delays in decommissioning and other political decisions, expectations of you are growing. You're currently facing a great many challenges and a further intensification of workloads. The future of your companies depends on you! And that's why one thing is clear already now, which is that we want further benefits for our ver.di members and a fair pay rise for everyone!"

ver.di chief negotiator and Trade Union Secretary
Stefan Najda

Outlook: The new TG Energie bargaining commission will meet in Hamburg and adopt its package of demands on 14 October. You are directly supporting the bargaining committee with your responses. The mandatory industrial peace is due to expire on 31 December 2024. We'll let you know about the dates for the negotiations and the order of events as soon as they have been agreed.

You're in the driving seat: We want to know what you think is a fair pay rise, how long the new collective agreement should be in place, and what specific issues are important to you.

Together, we can shape our work and future in the private energy industry fairly and safely! #fullofEnergy
